RDR RoB Da RiN

CURRICULUM VITAE

He graduated at the scientific high school "*Liceo Scientifico Primo Levi*" in **2002**

He attended the *University Institute of Architecture of Venice I.U.A.V.* where he graduated as an architect in **2010**.

Since **2010** he has attended the specialization in **Landscape** in the same university with excellent results.

Since **2005** he has collaborated with the technical studio of the architect *Tesser Lorenzo* in the context of design and rendering.

In **2006** he collaborated with **renderings and 3d models** on the project of the new altar of the *Duomo of Montebelluna Cathedral*.

Since **2002** he has been actively collaborating with *GiGi Studio Eyewear Design*, with which he develops the *design of eyewear, fashion accessories, modeling 3D, study of colors, trends, works of art, texture design and development of materials [plastic, acetate, metal, etc.]*.

During this time he also developed projects for different brands with different skills, such as *Strellson, Switch It, Okia, Efe* and many others.

In **2007** he improves his work experience in *brand restyling, logo design, advertising, animation 3D, video and product promotion*.

From **2009** to **2011** he also collaborates with leather accessories companies such as buckles, accessories for footwear and in the jewelry sector, with renderings and models for rapid 3d prototyping

In **2014** he started a collaboration with the **TAVAT** brand for the design of the *Soup Can* collection, from the sketches of N.Schureman, where he followed the aesthetic development, the technical drawings and the production of every detail.

The collection that kicks off with **4 models, 2 metals and 2 combined**, is then declined in combined acetate etc. in more than **40 different models**, without losing the peculiar characteristics.

The collection is repeatedly awarded for many of its models

- **2016 Bronze A 'Design Award in the category of jewelry, eyewear and watchmaking**
- **2017 IDA Gold in the Fashion Design category at the International Design Awards**
- **2017 Gold in Sunglass category VMagazine HongKong VAward**

In **2015** and **2016** he collaborates with **L.A. Eyeworks** through rendering and technical drawings with the models *Cappy, Skipper, Foghorn, Weber and Knoll*

He always continues his collaboration in the **GiGiStudio** company and collaborates in various work groups.

He actively works for many international brands such as **Infance, BBig, TAVAT, L.A. Eyeworks, Hapter**

He has also had several collaborations with companies such as *Luxottica, Thelios, Louis Vuitton* etc.

He has developed several Invention Patents which are still active today.

He has experience in the context of Architectural Design, Artworks, Eyewear Design. Technical Drawing, 3d design. Brand setting, trend setting, advertising, website design.
